

Data Wrangling

All data used for dashboards created for the Center for Community Partnerships come from the Virginia Department of Education (VDOE) Build-a-Table website found at https://p1pe.doe.virginia.gov/apex_captcha/home.do?apexTypeId=306. A master dataset consisted of demographic, testing, and enrollment data aggregated by State, county, and school. The first stage of data wrangling is defined by 4 passes through the VDOE Build-a-Table website for each of 3 levels of aggregation, culminating in 12 total passes. Selection criteria is outlined below. Appropriate file structure and naming conventions for remaining data wrangling can be found in the comments of the CCP_VDOE_data_integration_pipeline.R script in Box

State Level:

Pass 1:

Select School Year and Report Level:

School Year(s) = All available years

Report Level = State

Select Student Characteristics:

Race = All Races

Gender = All Genders

Grade = 8

Select Reporting Categories:

Disadvantaged = All Students

English Learner = All Students

Migrant = All Students

Homeless = All Students

Military Connected = All Students

Foster Care = All Students

Disabled = All Students

Select Test and Subject:

Test Level = All Levels

Test Source = SOL

Subject Area = Mathematics

Test = Algebra I, Geometry, Mathematics

Select Statistics to Display on the Report:

Statistic = Pass Rate, Pass count

Pass 2:

Select School Year and Report Level:

School Year(s) = All available years

Report Level = State

Select Student Characteristics:

Race = All selections; omit "All Races"

Gender = All Genders

Grade = 8

Select Reporting Categories:

Disadvantaged = All Students
English Learner = All Students
Migrant = All Students
Homeless = All Students
Military Connected = All Students
Foster Care = All Students
Disabled = All Students

Select Test and Subject:

Test Level = All Levels
Test Source = SOL
Subject Area = Mathematics
Test = Algebra I, Geometry, Mathematics

Select Statistics to Display on the Report:

Statistic = Pass Rate, Pass count

Pass 3:

Select School Year and Report Level:

School Year(s) = All available years
Report Level = State

Select Student Characteristics:

Race = All Races
Gender = All Genders
Grade = 8

Select Reporting Categories:

Disadvantaged = Yes, No
English Learner = All Students
Migrant = All Students
Homeless = All Students
Military Connected = All Students
Foster Care = All Students
Disabled = All Students

Select Test and Subject:

Test Level = All Levels
Test Source = SOL
Subject Area = Mathematics
Test = Algebra I, Geometry, Mathematics

Select Statistics to Display on the Report:

Statistic = Pass Rate, Pass count

Pass 4:

Select School Year and Report Level:

School Year(s) = All available years
Report Level = State

Select Student Characteristics:

Race = All Races

Gender = All Genders

Grade = 8

Select Reporting Categories:

Disadvantaged = All Students

English Learner = Yes, No; Do not check box for former ELs

Migrant = All Students

Homeless = All Students

Military Connected = All Students

Foster Care = All Students

Disabled = All Students

Select Test and Subject:

Test Level = All Levels

Test Source = SOL

Subject Area = Mathematics

Test = Algebra I, Geometry, Mathematics

Select Statistics to Display on the Report:

Statistic = Pass Rate, Pass count

County Level:

Pass 1:

Select School Year and Report Level:

School Year(s) = All available years

Report Level = Division

Division(s) = Albemarle County

Select Student Characteristics:

Race = All Races

Gender = All Genders

Grade = 8

Select Reporting Categories:

Disadvantaged = All Students

English Learner = All Students

Migrant = All Students

Homeless = All Students

Military Connected = All Students

Foster Care = All Students

Disabled = All Students

Select Test and Subject:

Test Level = All Levels

Test Source = SOL

Subject Area = Mathematics

Test = Algebra I, Geometry, Mathematics

Select Statistics to Display on the Report:

Statistic = Pass Rate, Pass count

Pass 2:

Select School Year and Report Level:

School Year(s) = All available years

Report Level = Division

Division(s) = Albemarle County

Select Student Characteristics:

Race = All selections; omit "All Races"

Gender = All Genders

Grade = 8

Select Reporting Categories:

Disadvantaged = All Students

English Learner = All Students

Migrant = All Students

Homeless = All Students

Military Connected = All Students

Foster Care = All Students

Disabled = All Students

Select Test and Subject:

Test Level = All Levels

Test Source = SOL

Subject Area = Mathematics

Test = Algebra I, Geometry, Mathematics

Select Statistics to Display on the Report:

Statistic = Pass Rate, Pass count

Pass 3:

Select School Year and Report Level:

School Year(s) = All available years

Report Level = Division

Division(s) = Albemarle County

Select Student Characteristics:

Race = All Races

Gender = All Genders

Grade = 8

Select Reporting Categories:

Disadvantaged = Yes, No

English Learner = All Students

Migrant = All Students

Homeless = All Students

Military Connected = All Students

Foster Care = All Students

Disabled = All Students

Select Test and Subject:

Test Level = All Levels

Test Source = SOL

Subject Area = Mathematics

Test = Algebra I, Geometry, Mathematics
Select Statistics to Display on the Report:
Statistic = Pass Rate, Pass count

Pass 4:

Select School Year and Report Level:
School Year(s) = All available years
Report Level = Division
Division(s) = Albemarle County
Select Student Characteristics:
Race = All Races
Gender = All Genders
Grade = 8
Select Reporting Categories:
Disadvantaged = All Students
English Learner = Yes, No; Do not check box for former ELs
Migrant = All Students
Homeless = All Students
Military Connected = All Students
Foster Care = All Students
Disabled = All Students
Select Test and Subject:
Test Level = All Levels
Test Source = SOL
Subject Area = Mathematics
Test = Algebra I, Geometry, Mathematics
Select Statistics to Display on the Report:
Statistic = Pass Rate, Pass count

School Level:

Pass 1:

Select School Year and Report Level:
School Year(s) = All available years
Report Level = School
Division(s) = Albemarle County
School(s) = Albemarle County Community Public Charter, Community Lab School, Jack Jouett Middle, Jackson P. Burley Middle, Joseph T. Henley Middle, Journey Middle, Lakeside Middle, Leslie H. Walton Middle, Mortimer Y. Sutherland Middle
Select Student Characteristics:
Race = All Races
Gender = All Genders
Grade = 8
Select Reporting Categories:
Disadvantaged = All Students

English Learner = All Students
Migrant = All Students
Homeless = All Students
Military Connected = All Students
Foster Care = All Students
Disabled = All Students

Select Test and Subject:

Test Level = All Levels
Test Source = SOL
Subject Area = Mathematics
Test = Algebra I, Geometry, Mathematics

Select Statistics to Display on the Report:

Statistic = Pass Rate, Pass count

Pass 2:

Select School Year and Report Level:

School Year(s) = All available years
Report Level = Division
Division(s) = Albemarle County
School(s) = Albemarle County Community Public Charter, Community
Lab School, Jack Jouett Middle, Jackson P. Burley Middle, Joseph T.
Henley Middle, Journey Middle, Lakeside Middle, Leslie H. Walton
Middle, Mortimer Y. Sutherland Middle

Select Student Characteristics:

Race = All selections; omit "All Races"
Gender = All Genders
Grade = 8

Select Reporting Categories:

Disadvantaged = All Students
English Learner = All Students
Migrant = All Students
Homeless = All Students
Military Connected = All Students
Foster Care = All Students
Disabled = All Students

Select Test and Subject:

Test Level = All Levels
Test Source = SOL
Subject Area = Mathematics
Test = Algebra I, Geometry, Mathematics

Select Statistics to Display on the Report:

Statistic = Pass Rate, Pass count

Pass 3:

Select School Year and Report Level:

School Year(s) = All available years

Report Level = Division
Division(s) = Albemarle County
School(s) = Albemarle County Community Public Charter, Community Lab School, Jack Jouett Middle, Jackson P. Burley Middle, Joseph T. Henley Middle, Journey Middle, Lakeside Middle, Leslie H. Walton Middle, Mortimer Y. Sutherland Middle

Select Student Characteristics:

Race = All Races
Gender = All Genders
Grade = 8

Select Reporting Categories:

Disadvantaged = Yes, No
English Learner = All Students
Migrant = All Students
Homeless = All Students
Military Connected = All Students
Foster Care = All Students
Disabled = All Students

Select Test and Subject:

Test Level = All Levels
Test Source = SOL
Subject Area = Mathematics
Test = Algebra I, Geometry, Mathematics

Select Statistics to Display on the Report:

Statistic = Pass Rate, Pass count

Pass 4:

Select School Year and Report Level:

School Year(s) = All available years
Report Level = Division
Division(s) = Albemarle County
School(s) = Albemarle County Community Public Charter, Community Lab School, Jack Jouett Middle, Jackson P. Burley Middle, Joseph T. Henley Middle, Journey Middle, Lakeside Middle, Leslie H. Walton Middle, Mortimer Y. Sutherland Middle

Select Student Characteristics:

Race = All Races
Gender = All Genders
Grade = 8

Select Reporting Categories:

Disadvantaged = All Students
English Learner = Yes, No; Do not check box for former ELs
Migrant = All Students
Homeless = All Students
Military Connected = All Students

Foster Care = All Students

Disabled = All Students

Select Test and Subject:

Test Level = All Levels

Test Source = SOL

Subject Area = Mathematics

Test = Algebra I, Geometry, Mathematics

Select Statistics to Display on the Report:

Statistic = Pass Rate, Pass count

Tableau Dashboards

Tableau workbooks can be found in the data>exports folder. Both CCP.twb and schl_pass_enroll.twb are compatible with data.csv (export of CCP_VDOE_data_integration_pipeline.R) found in the Center for Community Partnerships file tree in Box. CCS_pass_enrol.twb must connect to data.csv found in Innovation Hub's file tree in Box. Please see IH_Data_Guide.pdf for specific wrangling documentation. Descriptions for each worksheet can be found in the caption.
